Welcome to the University of Kansas Scholarship Opportunities Portal!

This site will allow you to view and apply for many of the scholarship opportunities available. For additional scholarship opportunities, contact your academic department, as not all departments currently post their opportunities here.

To view the scholarship opportunities for which you may possibly be eligible, you may click "Recommended" under "Opportunities" above. Please note that "Recommended" does not mean that you definitely qualify. **Make sure to read the descriptions!**

You may click on the "All" under "Opportunities" in the menu above and browse additional opportunities. It is important to note that this list shows ALL scholarships without filtering them based on your individual qualifications, so PLEASE save your valuable time by reading the descriptions carefully before applying. **If you don't qualify, do not apply.**

Auto-match scholarships will appear with "None" listed under the Action column; this means no further action is needed. If the scholarship appears with "Apply" under the Action column, you will need to apply for that scholarship separately.

Please make sure you check the scholarship opportunity portal frequently, as new scholarship opportunities may become available.

If you have any questions concerning the scholarship application process, please email scholarships@ku.edu.

Almost Done!

Your previous applications have qualified you to apply to additional opportunities. We've recommended the ones you are most qualified for and have made those available here.

Recommended Opportunities

Please note that "Recommended" does not mean that you definitely qualify. Make sure to read the descriptions. **If you don't qualify, do not apply.**

Amount	Description	Actions
\$5,250	The Hixson award helps incoming Freshman who are Kansas Residents facing major personal and financial hardships come to KU. Awards are renewable...	Apply by 01/05/2018

You will then get a notice that you are "Almost Done!" The system will then alert you to any other scholarships (referred to as "opportunities") that you *may be* eligible for outside of the SoE and "Apply" links to those applications.

You can "Apply" for one, all, or none.

Log off by using the drop down arrow next to your name in the upper right corner. Make sure to close your browser completely when finished.

The next time you return to AcademicWorks, you will be placed on your personalized "Applications" page. From here, you can monitor the status and progress of your various applications in the system. There are five areas of interest on this page:

- **Progress Indicators/Status Box:**
These are small, clickable boxes that you can use to monitor progress in specific areas.

- General Applications (Left box):
This section includes information about the general application and any of the additional school-specific (conditional) applications. The boxes will show your status, as well as allow you to update these applications.

- Current (Right box):
These are applications that you have submitted that do not require any additional action. This can include submitted applications, awarded applications, and declined applications, as well as several other custom categories.
- Archived:
These are applications from previous application cycles that are no longer active. You will only see this category if you were offered or accepted an award- this makes it easy for you to access record of past awards. The boxes in this category look similar to the ones in previous sections. There will be an option to view your past award in detail.

You are also able to view the status of any references that may have been required of an application. To do this, click on the "References" tab (note: you will not see this tab unless an application you are completing requires a reference).
